

DETAILS OF MATERIAL SPECIFICATION:

KARAM UDYOGI ACME BATA UNBRAND

SL. No.	CODE	MATERIAL WITH SPECIFICATION	A/C UNIT	QTY.
1	14/S-01	Item: Leather safety shoes with steel toe cap, Make: KARAM/Udyogi/BATA/ACME Descriptions: Leather safety shoes with steel toe cap ISI approved As per IS: 15298(Part 2): 2002 with double density PU moulded sole for light weight, Model: Atom, Colour: Black. Design Type: Lower, Collar with PU Foam Padding 15 mm thick Density 25Kg/Cm <sup>3</sup> , MM/YY OF MFG.: after 01/ 2024, (Size of shoes are 4 No. = 02 pairs, 5 No. = 8 pairs, 6 No. = 13 pairs, 7 No. = 10 pairs, 8 No. = 9 pairs, 9 No. = 4 pairs & 12 No. = 01).	Pair	47
2	14/S-01	Item: Leather safety shoes without steel toe cap, Make: KARAM/Udyogi/BATA/ACME Descriptions: Leather safety shoes without steel toe cap ISI approved As per IS: 15298(Part 2): 2002 with double density PU moulded sole for light weight, Model: Atom, Colour: Black Design Type: Lower, Collar with PU Foam Padding 15 mm thick Density 25Kg/Cm <sup>3</sup> . MM/YY OF MFG.: after 01/ 2024 (Size of shoes are 5 No. = 8 pairs, 6 No. = 21 pairs, 7 No. = 23 pairs, 8 No. = 24 pairs, 9 No. = 09 pairs, 10 No. = 02 Pair & 11 No. = 01 pair	Pair	88
3	14/1C-27	Item: Leather Safety Footwear for female, Make: KARAM/Udyogi/BATA/ACME Descriptions: Leather Safety Foot wear As per IS: 15298(Part 2): 2002 with Single density PU moulded sole for light weight,, Color: Black/ Brown. MM/YY OF MFG.: after 01/ 2024 (Size of Footwear are 5 No. = 03 pairs, 7 No. = 1 pair.	Pair	4
4	14/H-1	Item: Industrial Safety Helmet Make: Stanley/KARAM/Udyogi/CONCORD Description: Safety helmet (HDPE), Nap type with ratchet type adjustment and replaceable, Design three rib at the top. & inside cotton suspension. It should be ISI approved As per IS: 2925:1984 with logo printed. Color: White MM/YY OF MFG.: after 01/ 2024	Nos.	47
5	14/H-6	Item : Industrial Safety Helmet Make: Stanley/KARAM/Udyogi/CONCORD Descriptions: Safety helmet (HDPE), Nap type with ratchet type adjustment and replaceable, Design three rib at the top. & inside cotton suspension. It should be ISI approved As per IS: 2925:1984 with logo printed., Color: BLUE ; MM/YY OF MFG.: after 01/ 2024	No.	10
6	12/G-30	Item : Nitrile hand gloves for laboratory use Descriptions: Nitrile hand gloves for laboratory use , Size Small : 05 Pairs & Medium 05 Pairs (Chemical Resistant), Standard: EN388:2003; MM/YY OF MFG.: after 01/ 2024	Pair	10
7	12/G-34	Item : Chemical splash resistant Goggles Descriptions: Chemical splash resistant goggles panorama type clear glass, , Model: UEE171, Conformity of order issued by MHA Vide IV- 21011/31/2009-PRO V-I Dated: 21/07/2009 or Latest Amendment MM/YY OF MFG.: after 01/ 2024	No.	5
8	12/M-38	Item : Chemical Mask Make: 3M/Venus Description: Chemical Mask For lab use, Anti- Dust Mask for Chemical gas respiratory. MM/YY OF MFG.: after 01/ 2024	No.	8
9	12/G-38	Item: High Temperature Resistance Gloves Description: High Temperature resistance gloves with woolen lining Kevlar/leather hand gloves for lab use size Small 02 Nos & Medium 4 nos. MM/YY OF MFG.: after 01/ 2024	Pair	10
10	07/G001	Item: Insulated Rubber Hand gloves, For 440 V AC Description:As per IEC60903:2014& EN6093:2003 Insulated Rubber Hand Gloves, soft quality, seamless latex, shockproof and curve finger type. Size-9; MM/YY OF MFG.: after 01/ 2024 Make: Raychem RPG Working potential - 440 Volt AC, As per IS:4770:1991 latest for Protection of Electrical operators from electric shock while working on energized lines and equipments. Uses place, 440 volt AC line work.;	Pair	4
11	04/G-004	Item: Insulated Rubber Hand gloves, For 11000 V AC Description:As per IEC60903:2014& EN6093:2003 Insulated Rubber Hand Gloves, soft quality, seamless latex, shockproof and curve finger type. Size-9; MM/YY OF MFG.: after 01/ 2024 Make: Raychem RPG Working potential -11000 Volt AC, As per IS:4770:1991 latest for Protection of Electrical operators from electric shock while working on energized lines and equipments. Uses place, plant 11 kv line and town ship substation 11 kv line work.	Pair	4
12	04/G-013	Item: Insulated Rubber Hand gloves, For 33000 V AC Description:As per IEC60903:2014& EN6093:2003 Insulated Rubber Hand Gloves, soft quality, seamless latex, shockproof and curve finger type. Size-9; MM/YY OF MFG.: after 01/ 2024 Make: Raychem RPG Working potential -33000 Volt AC, As per IS:4770:1991 latest for Protection of Electrical operators from electric shock while working on energized lines and equipments. Uses place, plant 33 kv line work. Make: Raychem RPG	pair	4
13	14/G-001	Item: industrial electrical safety Gum Boot Size 9 No. Description: Rubber Gum Boot Size 9 No. for Protection of Electrical operators from electric shock while working on energized lines and equipments as while working in bushes it work as protection from rodents. Uses place,11kv, 33 kv line work MM/YY OF MFG.: after 01/ 2024 Asper IS12254:1993	pair	2
14	07/M-3	Item: Insulating rubber mate Description: Insulating rubber mate (electrical safety mate) As per IS: 15652, With dotted anti-skid design, thickness - 10 mm, long-2000 mm, width-1000 mm, for Protection of Electrical operators from electric shock while working on energized lines and equipments. Uses place,33/11 kv substation-2 no's, town ship substation-2 no's , plant control room-2 nos, Distribution panel in Mill house castable section:02 Color: Blue : MM/YY OF MFG.: after 01/ 2024	Nos.	8

15	08/S-90	Item: Eye Wash shower (with operating Manual and Signage of 12ftX8ft with each item) Description: When eye comes in contact with any chemical, it is essential that eyes are washed with large volume of clean water for removal of the chemicals as well as for its dilution. Eye wash fountains as per IS-10592 latest operated by gravity flow (Drawing attached) party must supply stud floor flange; GUARANTEE/WARRANTY: 12 Months; Usage Location: Laboratory, Pilot Plant, Masses section and ONGC Colony Hospital	Nos.	4
16	04/T-72	3 M Retro-Reflective Tape Color : Red and Yellow Description: Retro-Reflective Tape is designed to enhance visibility and safety by reflecting light back towards the source. This tape is highly effective for marking vehicles, equipment, and other objects that need to be visible in low-light conditions or at night. Color Red: 3 Rolls and Yellow: 2Rolls Material: Durable, weather-resistant vinyl or polyester base, Pressure-sensitive adhesive for easy application, High- intensity for superior reflectivity; Suitable For: Stainless Steel, Wood, Steel, Plastic, Glass, Aluminium, Iron; Size: atleast 50 mm x 25 m	Rolls.	5
17	14/B-71	Item: Fire Retardant Blanket with Nylon Carrying Bag Description: A fire blanket, is a safety device designed to extinguish small fires or to protect individuals from flames. blankets are used as an immediate response to fire emergencies. Material: fiberglass or aramid fibers, Size: atleast 1 x 2 meter and minimum 3 mm thick withstand high temperatures	Nos.	4
18	04/T-73	Item: Caution Tape with Danger, Caution in hindi Description: Caution tape, barrier tape or warning tape, is used to alert and caution people about potential hazards in a specific area or specially at height work to avoid beneath movement . Material: Durable polyethylene;Bold, high-contrast lettering for clear visibility; Non-Adhesive; Width: 3 inches, length: atleast 100m; Color: white and red letter Danger	Rolls.	4
